

# 1. You, your research and outreach

COSEE SE is charged by NSF to increase interactions between the science and education communities, particularly in the ocean sciences. You have been identified as a scientist, researcher or decision-maker engaged in science in our three-state region. We are very interested in assisting with collaborations for broader impacts, outreach, connections, links and access to issues and investigations that are in progress or have results in the South Atlantic Bight. This includes offshore, coastal, estuarine and tidal creeks and riverine areas.

Please help us by completing this survey. Forward this email to your colleagues who might not have received it-- databases are hard to keep! We will send you a report of our general findings from this survey with no names or institutions mentioned.

Thanks, Lundie Spence, Ph.D., Director COSEE SE

## 1. Please provide contact information

Name:	<input type="text"/>
Institution/Agency	<input type="text"/>
Affiliation:	<input type="text"/>
Mailing Address:	<input type="text"/>
City, State ZIP	<input type="text"/>
Phone:	<input type="text"/>
Email	<input type="text"/>

## 2. Please identify your role(s) in environmental/ocean science.

- academic--university researcher or graduate/post-doc student
- government--federal or state agency researcher
- For profit/business laboratory or consulting, etc
- Non profit

Other (please specify)

## 3. Please indicate your field of study.

## 4. If your research involves climate change, please describe briefly.

## 5. Do you do any investigations or research in the South Atlantic Bight?

- Yes, we have active research in SAB
- No current investigations in SAB

6. Are you currently involved in education/outreach?

\*\*The term "education/outreach" covers public education and/or outreach efforts for teachers and students, general public, communities or ocean science stakeholders.

Yes

No

Not sure/don't know

7. Have you ever collaborated with COSEE SE at all since its beginning in 2003?

Yes

No

Not sure

List any interactions/collaborations

8. To what degree do you interact with the education system or public about your work as a scientist?

	Never	Rarely	Regularly
1. Present in classrooms or schools.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
2. Present at public lectures, e.g., museums/library.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
3. Maintain a web site describing my research/findings designed for educators and/or the public.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
4. Encourage undergrad or graduates students to work with precollege students/teachers.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
5. Include teachers or informal educators, i.e., those who work at aquaria or science centers, in my research proposal design as part of broader impacts.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
6. Engage high school students (or lower grades) in my research.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
7. Participate in K-12 science fairs and/or career days.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
8. Participate in National Ocean Science Bowl.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Other (please specify)

9. What incentives or barriers have you encountered while engaging in formal/informal education outreach?

10. How can COSEE SE assist you with proposal preparation and outreach?

- 1. Network with informal educational institutions, e.g., science centers and aquariums.
- 2. Design programs that communicate effectively with educators or the public.
- 3. Network with formal education, e.g., schools and teachers in my region.
- 4. I don't need assistance at this time.

Comments

11. We are eager to build new partnerships. Please check any of the following actions.

- I want to invite a COSEE SE representative to my institution to discuss outreach strategies and collaborative opportunities.
- I want to link my web site with COSEE SE to share research ideas and findings.
- My response is in the comment field below.

Please provide your web site or other ideas for collaboration.

2.

Thank you very much for completing this survey. If you have other questions or comments, please contact me.
