

The 2010 Ocean Sciences Education Leadership Institute

Seas of Change: Exploring Southeastern Climate Change

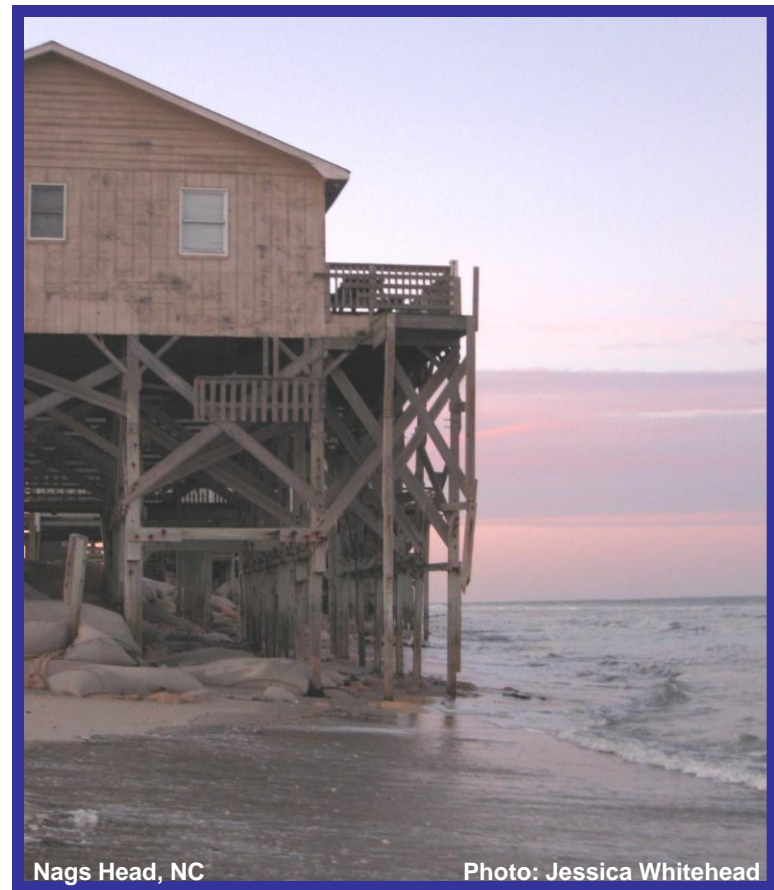

****Deadline to apply: March 31, 2010**

Join regional **marine and climate scientists** to learn about the climate-ocean relationship and explore evidence of a changing climate through topics such as:

- >>rising sea levels
- >>increasing sea surface temperatures
- >>changing ocean chemistry

All lessons, explorations and activities are standards-based, address STEM disciplines, and feature Problem-Based Learning strategies.

- ① **Who:** 30 formal (5th – 12th) & informal educators in NC, SC & GA
- ① **When:** June 23 – July 1, 2010
- ① **Where:** NC State (Raleigh) & Trinity Center (Morehead City)
- ① **Cost:** Lodging, most meals, and transportation during the workshop are sponsored by COSEE SE
- ① Education credit and stipend available

Nags Head, NC
